

Screws To Light Steel With 19mm Bonded Washer

TEK Screws with a self-drilling fix are designed for fixing Sheets to light steel. TEK Screws are manufactured with a 5/16 inch hexagonal head and a 19mm bonded sealing washer to ensure they are watertight and secure.

Roof Sheet Fixings & TEK Screws

Our Roofing Sheet fixings and self-drilling TEK Screws, with a 5/16 inch hexagonal are manufactured from the highest quality steel. Under the screw head is a stainless-steel washer and bonded neoprene pad to create a seal with the Sheet.

It is important to purchase the correct TEK Screws for the job at hand.

For any help and advice, please consult our FAQs or contact us directly.
