

# 80GSM GREEN LIGHTWEIGHT WATERPROOF TARPAULIN

Our 80gsm lightweight tarpaulins with reinforced eyelets are easy to handle and highly versatile, making them ideal for temporarily covering furniture, equipment, or building materials. Available in nine sizes, they can be securely fastened using Cladco ball bungees.

## COLOUR RANGE

### MATERIALS

Each lightweight tarp is manufactured from tough, low-density polyethylene, which is then laminated on both sides with high-density polyethylene.

### DURABILITY

Our lightweight tarpaulin range is shrink-, rot-, and waterproof, making these tarpaulins perfect for various conditions, including subzero temperatures.

### ACCESSORIES

Accessories are available to securely fasten your tarpaulins, including Cladco ball bungees and 6mm poly rope, supplied in various lengths.

### VERSATILITY

Versatile in application, Cladco lightweight tarpaulins are suitable for both indoor and outdoor domestic uses.

### INSTALLATION

Equipped with 12mm aluminium eyelets spaced 1m apart and a rope-reinforced hem, our tarpaulins ensure a secure installation and fastening system with the help of Cladco ball bungees.

SPECIFICATIONS	
Thickness	80gsm
Weave Count	8 x 8
Material	Polyethylene
Sizes	9 Available

\*All our tarpaulin sheets are cut sizes, which is industry standard terminology for the size of the material before it is formed into a tarpaulin. This means that when seams and hems are taken into consideration, the final size can be up to 30cm-45cm shorter.

**PLEASE NOTE:** The bigger the tarpaulin, the more support it will require. Always ensure that the tarpaulin is suitably supported according to its size.
