Multi-Use

Three Sizes Available

Lightweight And Easy To Handle

Weather Resistant

MATERIALS

The poly rope is manufactured from three-strand split film polypropylene for maximum strength.

DURABILITY

The rope is hardwearing and lightweight for easy handling. It also floats and is shrink and rot-proof.

ACCESSORIES

Available accessories include ball bungees and our range of tarpaulins, with a variety of weights and sizes.

MULTI-USE

This poly rope is versatile and ideal for securing tarpaulins, agricultural items, and cargo, as well as for general use around the home and garden.

LONG-LASTING

This poly rope is highly robust and durable, with a rot-resistant material that allows for the rope to remain strong over time.
